

### **Ms. Walker's Wishes**

- **Craft supplies:** glitter (dry, shakable), google/wiggle eyes (all sizes), colored construction paper, any other fun “crafty” supplies
- **Classroom library books:** I have worked extensively this past year to begin building my classroom library. While I have a wonderful start, I would absolutely love to see my collection grow. I believe reading is crucial to the development of all students and I am certain your children will find our collection very resourceful! One key to every successful reader is finding a genre that is relatable to each individual learner. Specifically, I would love more series books (A to Z Mysteries, Cam Jansen Series, Boxcar Children, Magic Tree House) and Non-fiction materials (science and social studies topics) or any other books your student may enjoy!
- **Globe**
- **Xacto Electric Pencil Sharpener**
- **Recess Equipment:** football, soccer ball, any other fun games or materials to use on the field.
- **Time Magazine Kids Subscription**
- **Treasure box prizes:** I plan to reward students who display good behavior in a positive manner. I also plan to reward students for being helpful with classroom jobs, being kind to their peers and for reading milestone achievements.
- **Old magazines:** Child-appropriate material please. Cooking, home décor, parent magazines, science etc. should all be safe bets!
- **Learning games/materials:** Any activities that can be used in centers for 2nd grade would be very much appreciated! Miller's School Supply and Lakeshore Learning both carry many wonderful resources. Activities for all subject areas are needed.

The aforementioned items are simply “wishes.” I do not want any parent to feel obligated to purchase or donate these materials or items, but we will gladly accept any items mentioned or other items that would be beneficial to our classroom. I am so grateful to have each and every one of your children in my classroom this year, and I first and foremost, appreciate your enthusiasm and support for the upcoming year at Cornerstone Charter Academy. In partnership, let’s make this a great year!

Warmest regards,

Ms. Walker
